

**L.J. Barton**  
Mechanical Inc.

**BUILDING** Health

Reliable. Resourceful. Responsive

*Proudly Serving Ontario since 1990*

**Industrial**  
**Commercial**  
**Institutional**

**Founded** in 1990, L.J. Barton Mechanical Inc. is an award-winning Canadian owned and operated firm offering integrated mechanical contracting solutions including:

- Unified design build
- Total building solutions
- Complete installation, service and maintenance capabilities

We understand that time is money and, as such, we work efficiently without compromising quality.

Our mission is to be the “go-to” mechanical contracting company in the communities we serve. We aim to provide a high standard of care and excellence to deliver value that clearly exceeds industry benchmarks and customer expectations.

**OUR SUCCESS IS BASED ON  
A STEADFAST PHILOSOPHY:**

**Our talented, highly  
committed people  
operate with an  
honest-to-goodness  
passion for our customers.**

## What we do

**Dependable services provided directly to the customer or through a reputable contractor:**

- Plumbing
- HVAC
- Heating
- Electrical
- Refrigeration
- Gas & process pipe
- Controls

**Total building solutions – on time and on budget**

As an experienced contractor, we believe it is our responsibility to offer cost-effective solutions for every project. Our design-build team can perform both engineering, design and construction work.

Our unified design-build team works together to design the project, complete the work and act as professional advisors on the owner's behalf.

Our systems are proven, our technology sound. Some of the benefits of working with our design-build team are:

- Single source contract
- Early knowledge of costs
- One point of contract
- Resources savings (time, talent and money)

...honest-to-goodness  
passion for customers.

### **Service and maintenance that's a cut above**

Maintaining and servicing the equipment we install saves money over the long-term for our clients. Our responsive maintenance professionals are committed to ensuring your equipment is properly maintained and serviced with:

- Preventative maintenance agreements
- 24/7 emergency service
- Energy management control systems
- Rebuilds, retrofits, new construction

We offer complete mechanical service, installation and maintenance capabilities that cover everything from basic installation and repairs to custom maintenance programs.

# Reliable. Resourceful. Responsive

Jim Barton, Founder

As the construction, plumbing and mechanical industries continue to grow and evolve, our direction remains clear:

- **Respect our employees**
- **Respond to the needs of our customers**
- **Resolve to build an enriching and rewarding community that make Ontario “the” place to live, work and play**

We understand that it’s the relationships we forge that ultimately build lasting partnerships and we work tirelessly to build that confidence.

We look forward to working with you!

*Jim Barton*

**We guarantee to protect customers against defective or unsuitable materials, products and parts.**

**We hire and subcontract only to qualified tradespeople who are committed to delivering customer satisfaction through personal pride in their work.**
